Works Credit Union Commits to Sharetec Core Banking

LINO LAKES, MN – Sharetec System, core technology made simple, announces Works Credit Union (WCU) in Trinidad and Tobago has committed to Sharetec as their next Core Banking System.

“The credit union has continued to see significant growth and having a system that could grow with us and stay ahead of our technology needs was key to selecting Sharetec,” remarks Ms. Karimah Knights, General Manager of Works Credit Union. “With the growth we have experienced, increasing internal efficiencies with improved reporting and member risk rating along with self-service channels for our members with strong internet and mobile banking are all top of our strategic goals. Sharetec allows us to meet all those goals while also adding additional features in document imaging, marketing and a much more secure disaster recovery model.”

Matt Isger, Regional Director for Sharetec, comments, “Works Credit Union has built a history by offering excellent service to its members and growing strategically in the right places throughout Trinidad and Tobago allowing them to become one of the strongest credit unions in the country. Sharetec is excited to be a part of their future growth as they update internal processes with the advanced technology the Sharetec Core System provides from member service, lending, back-office and accounting. Additionally, we look forward to helping them grow their online and mobile presence to allow members to access the information they need at the time it is convenient for them.”
