### About Paradise Valley Federal Credit Union

Since 1957, Paradise Valley Federal Credit Union has provided members with a smart alternative to banks and savings and loans. As a Credit Union, we are a distinctly different type of financial institution. For one, we are owned by members and operated for their benefit. Each member is a shareholder in the Credit Union. And through the election of a Board of Directors from among the shareholders, members have a voice in Credit Union policy.

### About Sharetec System

Since its establishment in 1993, Sharetec has grown steadily to over 280 credit unions, 50 of which have chosen Sharetec just in the last 3 years.
