

Sharetec and Larky Partner to Boost Member Engagement Across Hundreds of Credit Unions

PRESS RELEASE: *For Immediate Release*

LINO LAKES, MN – Sharetec, a top provider of innovative core processing software and digital solutions, is proud to announce a strategic partnership with Larky, the industry leader in proactive account holder engagement.

Larky's nudge® platform offers real-time, personalized notifications, enhancing how credit unions connect with their members. By integrating with Sharetec's core banking solution, these capabilities will be directly embedded, offering credit unions a seamless way to increase member engagement and satisfaction through the same mobile banking app they use today.

"Our partnership with Larky aligns with our commitment to provide credit unions with innovative, user-friendly solutions," stated Steffi Decker, CEO at Sharetec. "The integration of the nudge® platform will equip our clients with enhanced digital engagement tools to meet the unique needs of their members."

Utilizing real-time and geolocation data, nudge® delivers targeted notifications guiding members to relevant financial services and offerings based on their members' interests.

Gregg Hammerman, CEO of Larky, added, "Sharetec's established role in providing innovative software for credit unions, combined with Larky's skill in enhancing member engagement, signals an opportunity for credit unions to connect more effectively with members. This collaboration reinforces our mutual understanding that, in today's connected world, timely and relevant notifications are a fundamental tool for credit unions seeking to strengthen their relationships with members."

This partnership underscores both companies' dedication to providing technology that not only meets the current needs of credit unions but also adapts to future demands, ensuring they exceed customer needs to connect with their members.
